

MARK T. BARCLAY

I PREDICT

Given to Dr. Barclay November 2021

& BEYOND

And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death. REVELATION 12:11

These things can perhaps be changed or even stopped by our response to God's warnings!

1. "In 2022, the Holy Spirit will lead us through" the maze of the last days.
2. Keep your eyes on the two clouds—the dark, filthy, anti-Bible, anti-Christ cloud, and the glory cloud. RUN TO THE GLORY WITH ALL THAT IS WITHIN YOU!
3. The true ministers of the gospel will be crying out to all to repent, both inside and outside the church.
4. The truth bearers will be rewarded, but the "milk toast" voices and the people pleasers will pay a dear price.
5. Beware of collaborative intelligence (merging humans with artificial intelligence). Humans and AI are joining forces, and there are those who even want to put human brains into robots.
6. There will be a lot of activity in the stars, as countries compete for space supremacy and weaponry.
7. A "shock wave" will go through Washington. It will serve as a wakeup call to multitudes of people.
8. People will continue to leave church life, seeking other things to worship and pay homage to. These gnome-like people (head and eyes covered) will be part of the great falling away and turning away, as the Bible predicts. Hell itself could perhaps be their new home.
9. We will witness more and more the prelude to the antichrist, as demons prepare the world and even some of the local churches for his coming.
10. God has already dispatched specialty weapons against evil. Evil can't win. Angels are uprooting everything the devil has done. Pillars of evil are coming down. Some will even report angelic sightings.
11. Plan on severe pushback this year to draconian commands. Government leaders will become even more dictatorial, and we will watch some rise and fall as people's intolerance for tyranny increases. We will hear more and more about the establishment of areas similar to concentration camps for those who are in dissent toward exaggerated COVID rules.
12. Supreme Court packing will be on the front line this year. Pray.

13. The pandemic is only a beginning of things to come. Tyranny will raise its ugly head again and again as communism not only spreads rampantly but is desired by many. Medical fascism will be the fuel that keeps launching it, and we may lose countries like Australia as those who oppose or resist are forced to segregate to camps similar to concentration camps.

14. Our duty now is to climax the ages. We must reach all people of the earth, including our family members and friends, with the biblical warnings about the end.

15. Even in America, I see persecution coming to Christians and evil staring us in the face, but those who refuse to compromise will be empowered by the Almighty God (Jn. 12:25).

16. Unless men repent for being their own god—coming and going as they choose and calling their own shots—they will be defeated with a slow, oozing form of death. Repent now!

17. The Bible is the proven and established Word of the Living God. Those who oppose it and make light of it will be overcome instead of being an overcomer. Satan is coming to reap where he has sown.

18. The Holy Spirit is well able to guide us through the maze of life and the minefield of danger. Get close to Him, and develop a severe relationship with Him.

19. Only the Word of God and time with God in His house will clear out all doubt and bring tremendous peace (Is. 26:3).

20. Fear and uncertainty will be defeated this year by those who consistently come to hear the uncompromised Word preached. They will be overcomers and live in victory.

21. More and more, we will see fake signs and wonders by demons, but we will also see greater, true ones by the Holy Spirit. Guard yourself from being fooled by familiar spirits.

22. The battle against liberty rages on with mask mandates, vaccine mandates, as well as the communist push to snoop into our lives (including bank accounts, social media, schools, and public areas). “Comply or be persecuted,” they will say (2 Thess. 2:9-12).

23. Expect more of the same for elections—fraud, cheating, lying, and a very broken system that is far from being repaired. Don’t let crooked and evil people convince you that your vote does not count and that you have no recourse or voice.

24. Communism is on the move, Marxism is in our churches, and the antichrist is on his way.

25. **China** will continue to prove her real motives as an enemy of America and her wish to dominate the world. **Canada** will continue to be an example of communist aggression toward religion and freedom. **California** and **New York** will be the U.S. example. Prepare for a supply chain collapse, including parts of the food chain. Don’t be fooled by **Iran’s** silence, and **North Korea** is far from backing down.

26. America has been kicked down to one knee. We (God’s people) must pray, turn from our wrong ways, and seek His face to stand her back up again. Though it looks futile, God will preserve America to preach the gospel to the end-time generations.

27. We must look up and ready ourselves for His appearing in the clouds. Get in line with the scriptural requirements for this great eternal event.
